Signature

Lucknow, the City of Gardens, Capital of Uttar Pradesh is well known for culture and science. There are four CSIR institutes in the city. Other reputed institutes are Birbal Sahni Institute of Paleobotany, Biotech Park, King George Medical University, Lucknow University, Sanjay Gandhi Post Graduate Institute of Medical Sciences, so Lucknow is rightly called 'City of Science'.

Weather

Lucknow has a subtropical climate with cool, dry winter from November to February and dry, hot summer from April to June. The average maximum and minimum temperatures in February are 26°C and 18°C.

Connectivity

The city is well connected to all major cities of the country by air, rail and road. There are direct trains connecting all major cities specially New Delhi, Mumbai, Kolkata, Chennai, Chandigarh, Jammu, Hyderabad, Bengaluru, Guwahati, Ahmedabad, Pune, Bhopal, and Jaipur.

The National Conference on Climate Change, Environmental Pollution and Biodiversity Conservation will bring together eminent scientists, environmentalists, NGOs across the country to discuss critical issues on climate change, pollution and conservation of biodiversity besides providing platform to the young researchers for sharing their ideas and experiences in the conference.

Themes of the conference

- a) Impact of Climate Change on Health, Agriculture and Environment
- b) Pollution, Bioindicators and Biomonitoring
- c) Biodiversity Conservation
- d) Environmental Ecology
- e) Environmental Laws, Impact Assessment and Eco-auditing
- f) Ecotourism and Disaster Management
- g) Climate Change and Role of Botanic Gardens
- h) Urban Pollution and Construction of Urban Ecology
- i) Vertical Farming and Forestry

About CGES

Clean and Green Environmental Society (CGES) is registered under the Society Registration Act XXVI, 1860 with its Head Office at Lucknow. The major aim of the Society is to promote awareness for saving the environment.
