Lucknow, the City of Gardens, Capital of Uttar Pradesh is well known for culture and science. There are four CSIR and two ICAR institutes in the city. Other reputed institutes are Birbal Sahni Institute of Paleobotany, Biotech Park, King George Medical University, Lucknow University, Babasaheb Bhimaroo Ambedkar University, Integral University, Amity University, Sanjay Gandhi Post Graduate Institute of Medical Sciences and A.P.J. Abdul Kalam Technical University, therefore, Lucknow is rightly called as the 'City of Science'.

Weather

Lucknow has a subtropical climate with cool, dry winter from November to February and dry, hot summer from April to June. The average maximum and minimum temperatures in April are 34°C and 24°C.

Connectivity

The city is well connected to all major cities of the country by air, rail and road. There are direct trains connecting all major cities specially New Delhi, Mumbai, Kolkata, Chennai, Chandigarh, Jammu, Hyderabad, Bengaluru, Guwahati, Ahmedabad, Pune, Bhopal, and Jaipur.

National Conference on Ecological Restoration and Biodiversity Conservation (ERBC-2022) is being organised jointly by Clean and Green Environmental Society (CGES) and CSIR-National Botanical Research Institute (CSIR-NBRI) from 17-18 September, 2022. The aim of the ERBC-2022 is to bring the eminent scientists, academicians, environmentalists, policy makers, non-government organisations, etc. from all over the country on a common platform to discuss critical issues on loss of biodiversity, degraded ecosystems, ecosystem functioning and to formulate the strategies for taking up the corrective measures. It will also provide a unique forum to the young researchers and the students to present their innovative ideas and sharing their research experiences in the conference.

Theme areas

- Landscape ecology, Restoration and Community
- Ecological processes, Ecosystem functioning and Services
- Transboundary approaches to eco-restoration
- Restoration to address climate change and biodiversity loss
- Plant diversity, Inventorization and conservation
- Endemism & Phytogeography
- Bioprospection & Sustainable utilization
- Overcoming threats to biodiversity: The Global and Local solutions
- Importance and conservation of microbial biodiversity

Clean and Green Environmental Society (CGES) is registered under the Society Registration Act XXVI, 1860 with its Head Office at Lucknow. The major aim of the Society is to promote awareness among the masses for saving the environment.
