1st Circular

National Conference
On

Impact of climate change on
Biodiversity, Agriculture and Natural
Resources

February 8th - 9th, 2025
Venue: CSIR-NBRI, Lucknow (Uttar Pradesh)

Website: www.cgesindia.org

Organizing Secretaries
Dr. Priyanka Agnihotri,
Prof. Yogesh K. Sharma,
Prof. Gauri Saxena

Organized by
Clean and Green Environmental Society
in collaboration with
CSIR-National Botanical Research Institute, Lucknow
Lucknow – 226 001, Uttar Pradesh (INDIA)

Lucknow, the City of Gardens, Capital of Uttar Pradesh is well known for culture and science. There are four CSIR and two ICAR institutes in the city. Other reputed institutes are Birbal Sahni Institute of Paleobotany, Biotech Park, King George Medical University, Lucknow University, Babasaheb Bhimaroo Ambedkar University, Integral University, Amity University, Sanjay Gandhi Post Graduate Institute of Medical Sciences and A.P.J. Abdul Kalam Technical University, therefore, Lucknow is rightly called as the 'City of Science'.

Weather

Lucknow has a subtropical climate with cool, dry winter from November to February. The average maximum and minimum temperatures in February are 25°C and 15°C.

Connectivity

The city is well connected to all major cities of the country by air, rail and road. There are direct trains connecting all major cities specially New Delhi, Mumbai, Kolkata, Chennai, Chandigarh, Jammu, Hyderabad, Bengaluru, Guwahati, Ahmedabad, Pune, Bhopal, and Jaipur.

National Conference on Impact of climate change on Biodiversity, Agriculture and Natural Resources (ICBAN-2025) is being organised jointly by Clean and Green Environmental Society (CGES) and CSIR-National Botanical Research Institute (CSIR-NBRI) from 8th - 9th February 2025. The aim of the ICBAN-2025 is to bring the eminent scientists, academicians, environmentalists, policy makers, non-government organisations, etc. from all over the country on a common platform to discuss critical issues on Impact of climate change on biodiversity, natural resources and agriculture and to formulate the strategies for mitigating and adapting the changes as a whole. It will also provide a unique forum to the young researchers and the students to present their innovative ideas and sharing their research experiences in the conference.

Theme areas

1. Climate change, mitigation and adaptation to biodiversity
2. Restoration of biodiversity to address climate change
3. Importance and conservation of Microbiome in the face of climate change
4. Threat to human well-being owing to biodiversity loss
5. Agricultural practices and related challenges for Indian Economy
6. Millets, the magical crops in present scenario
7. Climate smart farming
8. Impact of climate changes on natural resources and food supply
9. Bioprospection, Sustainable development, practices and possibilities
10. Government initiatives to address climatic challenges

Clean and Green Environmental Society (CGES) is registered under the Society Registration Act XXVI, 1860 with its Head Office at Lucknow. The major aim of the Society is to promote awareness among the masses for saving the environment.
